

OBJECTIVE

Aspiring full-stack developer with hands-on experience in both frontend and backend development through training and internship at AFEX Nigeria. Passionate about building scalable web applications using modern technologies such as React.js, Next.js, Node.js, and MongoDB. Committed to continuous learning and delivering clean, efficient code.

STRENGTH

Effective communication, excellent cross-functional team collaboration and fast paced learning

EXPERIENCE

AFEX NIGERIA

January

2023–2024

Full stack developer (Intern)

- Participated in the full software development lifecycle from design to deployment.
- Built and maintained responsive web interfaces using React.js, Next.js, and TypeScript.
- Developed RESTful APIs and backend logic with Node.js, Express, and MongoDB.
- Collaborated with product and engineering teams to implement new features and improve application performance.

EDUCATION

2025 – 2029

Federal University of Technology, Akure (FUTA)

Bachelor of Technology in Computer Science

- Expected Graduation: September 2029
- Studying foundational and advanced topics in computer science including algorithms, data structures, and software engineering.

PROJECT

Anime Vault (Aug 2024 – Sept 2024)

- Developed a modern web app using Next.js 14 with server-side rendering, infinite scroll, and Framer Motion animations.

CarePlus App (Sept 2024 – Nov 2024)

- Designed and implemented a backend API system for a hospital management solution.
- Integrated features such as user authentication, appointment scheduling, and doctor/patient management using Node.js, Express, and MongoDB.

TECHNICAL SKILLS

- Frontend: HTML, CSS, JavaScript, React.js, Next.js, TypeScript
- Backend: Node.js, Express.js, RESTful API design
- Tools & Platforms: Git, MongoDB

LANGUAGE

- English | Yoruba | A subtle arabic understanding
